MOTIVATION:

I feel well qualified and committed to be part of the students' council. Referring to my CV, my personal life and administrative experiences can be beneficial. I am a serious, creative, loyal and effective in my duties and any other administrative challenges. Self discipline, teamwork, hardwork is my motto. In life making decisions needs priority and focus. With this I feel confident that together with the entire Council board members, nothing will be impossible.

Being in the final year of my studies is absolutely not a problem. Challenges is always my driving force.

Therefore, I feel strongly motivated to join the students' Council at the Faculty of Medicine and Pharmacy.
